

Youth Taster Session Plan

Target age group	Group size	Session duration	Email contact
11–18 years	8–12 athletes	60 minutes	sai@newhorizondcrossfit.co.uk

TASTER SESSION GOALS

By the end of this taster 4-week course, each young athlete should:

- Have touched and lifted a barbell in a safe, fully coached environment.
- Understand what Olympic Weightlifting is and how it differs from regular gym training.
- Have been introduced to the Snatch and the Clean & Jerk — the two Olympic lifts.
- Have learned the Back Squat as a strength foundation exercise.
- Have competed in a friendly in-gym challenge to put new skills to the test.
- Have stronger body and better athleticism as it helps with strength and conditioning the athletes for Rugby, Football, Cricket etc.

EXAMPLE OF A TASTER SESSION TIMETABLE

Time (mins)	Segment	Activity
0:00–0:08	Welcome & intro	Introduce Immortal Athletics. Show a short video or perform a live snatch and clean & jerk demo at full speed, then break it down slowly. Explain what makes Olympic Weightlifting unique.
0:08–0:16	Warmup	General movement: jumping jacks, arm circles, leg swings, ankle mobility, thoracic rotations. Introduce the PVC pipe — everyone gets one. Overhead squat hold with PVC to build position awareness.
0:16–0:26	Learning: Snatch	Teach the snatch from the ground up using PVC or empty bar only. Sequence: jumping position → high pull → muscle snatch → power snatch/snatch. 3–4 sets of 3 reps. Focus on the wide grip, overhead lockout and stance.
0:26–0:38	Learning: Clean & Jerk	Teach the clean & jerk in two halves. Part 1 — Clean: hang position, hip drive, front rack. 3 sets of 3 reps. Part 2 — Jerk: dip-drive-press, split position if ready. 3 sets of 3 reps. Keep weights very light.
0:38–0:48	Back Squat	Teach bar placement (high bar), stance width, braced core, depth, and drive out of the hole. 3 sets of 5 reps on empty bar. Emphasise this is the strength foundation that underpins every Olympic lift.
0:48–0:57	Mini Competition	Back Squat max attempt from a pre-set starting weight — 3 attempts each. Score combines technique (judged by coach) and load. Optional: separate snatch/clean challenge for anyone wanting more.

0:57–1:00	Cool down	Light stretch (hip flexors, lats, wrists). Hand out Immortal Athletics flyers. Collect names and contact details for the free gym taster session.
-----------	------------------	---

4-WEEK COURSE

Aims and Objectives:

- Teach athletes what a regular weightlifting session looks like and what they need to achieve in 90mins per session.
- Advance the athletes in the snatch, clean and jerk.
- Strengthen athletes and build their confidence.
- Introduce athletes to other important moves required for Olympic Weightlifting.

Additional Information on 4-Week Course

- 50% off for the 4-week course (£45).
- It will run for 4 consecutive weeks.
- Athletes can stop at any time if they do not wish to continue.
- The course is structured to help the athlete get stronger by the 4th session.
- It is advised that athletes purchase weightlifting shoes prior to attending but not necessary.
- Comfortable sports clothing, snacks and water are advised for every session.

Safety & safeguarding

- Demonstrate how to safely drop the bar onto bumper plates before any athlete lifts
- Ensure 1.5m of clear space on either side of each platform or lifting area
- No athlete lifts alone — a coach must be visibly watching every group at all times
- All Immortal Athletics coaches in attendance hold a valid DBS certificate and coaching licence from BWL and UK Coaching. As an affiliated British Weightlifting Club, we have multiple Safeguarding Officers on site at all times.
